HCP and NDIS Pricing from 20th October 2024

When a client starts on a Home Care Package (HCP) or NDIS Plan the government guidelines direct the HCP or NDIS funding to pay for the preparation and delivery of the meals.

The guidelines also direct meal services to recover the cost of the food (other than preparation and delivery) from the client or consumer. This is the client contribution.

Please Note: When ordering **fresh meals** every client gets their own **customised label**.

This means we can cater for allergies, health needs and all dietary requirements. We can cater for texture modification as well as likes and dislikes.

There is no extra charge for Customisation.
